

Film Studies GCSE

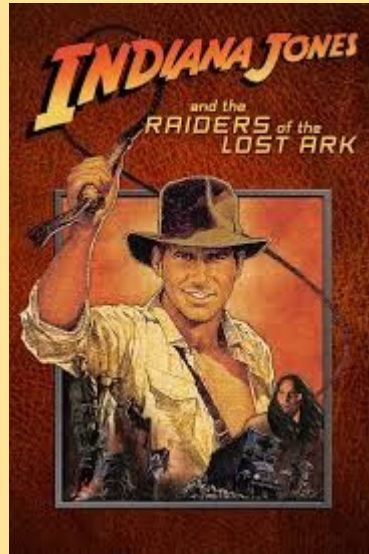

*The film posters represent the films you *may* study as part of this course.

Component 1: US Film (Exam)

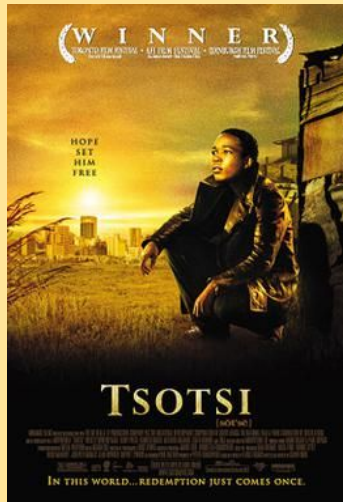

You will compare two US blockbusters to explore how American cinema has changed over time.

You will also study an independent film from the US!

Component 2: Global Film (Exam)

You will study three films from around the globe- one English language film, one non-English language film and one contemporary UK film!

Component 3: Production (Coursework 30%)

You will produce your own film or screenplay and analyse your production in comparison to professional produced films!
